

Welcome to the 2018 NBYC Season!

Our club was founded in 1956 by people that enjoyed the art of sailing. NBYC still carries the tradition today. Our fleet of cruising and racing sail boats are both well represented.

LEARN TO SAIL

New Buffalo Yacht Club provides a wide range of sailing opportunities for nearly everyone. All age groups and skill levels welcome.

CREW

Captains are always looking for crew. Whether it is for a casual sail, series races, or distance races, you are bound to find the right fit.

For more information email our Vice Commodore of Sail sail@newbuffaloyachtclub.com or call the club (269) 469-9808

AREA III

Area III is a division of [LMSRF](#) which is our region's rep to US Sailing. Their contribution to "Fostering racing competition among wind-powered sailing yachts" is to provide a regional structure to the racing environment.

This increases participation by:

- Providing the racer with a standard means to sign up and participate in races from the various yacht clubs.
- Providing a forum for the yacht clubs to coordinate their schedules and spread the events throughout the season.
- Making it easier for the yacht clubs to sponsor races by handling signup, fee collection, scoring, protest handing, and publication of results.
